

LEROY RAYMOND TAKING PILOT TRAINING IN TEXAS

Air Cadet LEROY R. RAYMOND, 24, of Irvington, Cal., reported last week to begin the basic training phase of his pilot training at Goodfellow Field, Army Air Forces Pilot School (Basic), San Angelo, with members of Class 44-B. Reporting here from the primary flying training schools at Bruce Field, Ballinger, he will learn at Goodfellow Field the intricate combat fundamentals of night flying, precision formation cross country and instrument flying.

Completing his training here he will go to advanced school for final instructions before being awarded Wings and a flying officer rating.

SOLDIER IS PAPA

MISSION — Old Doc Stork stopped over on October 4 in Hayward at the hospital long enough to leave a bundle of joy for Pvt. and Mrs. HENRY "Hank" KEMP-TON. Mrs. Kempton was the former Miss Adeline Pereira of Ellsworth street. The little new arrival has been named Ruth Ann and weighed four pounds 15 ounces. She and her mother returned to the home of her parents, Mr. and Mrs. Tony Pereira here as "Hank" is stationed in San Francisco at Fort Baker.

COLONEL IS VISITOR

Col. CHARLES OVERACKER, who was decorated with the Distinguished Flying Cross after action over Europe visited his mother, Mrs. Edna Overacker and his sister, Miss Carol Overacker here last week. He was in Niles only a few hours and has returned to the Atlantic Coast where he is stationed temporarily.

BLOOD DONORS TO OBSERVE THEIR FIRST ANNIVERSARY

A birthday cake for the first donors at the Red Cross blood procurement center, established here a year ago, will be one of the special events at the anniversary party to be held at the Veterans Memorial Building on Friday, November 5.

All donors who contributed a pint of blood on the first day are asked to make appointments for that occasion. The original quota of 90 pints of blood donated monthly by the local center has increased to approximately 220 pints a month at present.

Chairmen who have rounded up volunteers in the various towns under the direction of Mrs. W. L. McWhirter, general blood donor chairman, and Mrs. L. E. Bailey, chairman of staff assistants and head of the Child Welfare Club which sponsors the project, are as follows:

Alvarado, Mrs. Blake Hill; Decoto, Bernie Joseph assisted by Arlin Fowler at the New Colma Mill & Lumber Company, and Mrs. Alvin Searles at the Pierce Cannery; Centerville Mrs. J. Silva, assisted by Mrs. Jack DeLuce at the Booth Cannery; Irvington, Mrs. Carl Christensen, assisted by J. W. Coughlin at the rubber warehouse; Alviso, Mrs. Elsie Madruga; Warm Springs, Mrs. Rose Brown; Mission San Jose, Mrs. Lois Justus; Niles, Mrs. Marston Dassel assisted by J. A. McDonald at the Pacific States Steel Company, Graham Smith at the Kraft plant and Clarence Pine at the California Pottery Company; Newark, the Blue Bird Club, headed by Julia Ruschin, assisted by S. G. Scott at the Westvaco chemical plant, Lida Francis at Graham's, J. R. Truscott at Morton Salt, Joe Buchen at Leslie Salt and Harry Weber at the P. G. & E. substation.

ATTENTION FARMERS (Special to the Register)

Ration Order 16 covers most meats (except poultry), butter, and other fats and oils, cheddar and other cheeses (cottage cheese is not rationed), and canned fish. Under this order persons making the rationed foods for sale or transfer are required to report. Farmers and butchers who slaughter livestock (cattle, calves, sheep, lambs, and swine) and sell or transfer all or part of those meats must report. Farmers and other persons who churn cream into butter or produce rationed cheeses from milk or cream, for sale or transfer of any of the butter or cheese, must also report.

RESORT PROPRIETOR, TWO BOYS ARRESTED

Complaints charging both buyer and seller with violation of the Beverage Control Act were filed at the Niles Justice Court last week involving the alleged sale of coke-highballs to two local boys by Pete Kallas, proprietor of the Columbia Grill.

Bail was set at \$25 each, a hearing to be held here Friday. The complaints were signed by Deputy Sheriff John Welch. Boys involved are James Eugene Morrow, 19, of Niles Canyon, and William Junior Patterson, 17 of 605 Thornton avenue, Newark.

Corporal MELVIN SOUZA of Camp Cooke spent the week end here in the Mission at the home of his parents, Mr. and Mrs. Louis Souza. This will be his last visit home for three months as he goes on desert maneuvers. Lloyd "Shorty" Silveria and Mr. and Mrs. Clarence Amaral drove him back to Camp Cooke Sunday evening.

Sgt. EDDIE ROGERS spent the weekend at the Mission at the home of his sister, Miss Edith Rogers as his wife and young son are staying here for a while. Eddie is stationed at Mather Field, Sacramento.

MANUEL ENOS, who is in the U. S. Army has left for duty overseas.

GOVERNOR WARREN LAUDS USO; URGES WAR CHEST SUPPORT

Corporal Morris Breslow of Brooklyn, New York, finds tough competition in Governor Earl Warren as they vie for "Skittles" honors at the miniature two-way alley in a San Francisco USO Club. Honorary President of the California War Chest, Governor Warren visited the club with Ralph T. Fisher of Oakland, president, to get a first-hand picture of USO as one of the 17 chest-affiliated agencies. Local communities throughout California will conduct their own War Chest drives for war and home front needs during October and November.

SAN FRANCISCO, CALIFORNIA—Governor Earl Warren, after a tour of San Francisco USO clubs, reports that he is deeply impressed with the work carried on by the beneficiary organizations of the California War Chest, statewide fund which unites 17 war relief appeals in one concerted drive.

Honorary President of the State Chest, Governor Warren has wholeheartedly endorsed the combined campaign and the affiliated national agencies which it represents. The State appeal for war and "home front" relief funds will be conducted within every California community during October and November. Local community and war chests will direct the campaign in cities and towns where chests exist.

Urging support of the campaign by every citizen of the State, the Governor points to USO activities as illustrative of the work conducted by chest member agencies: "As I travel around the State and see the thousands of boys in our

FIRST TIN CAN DRIVE PLANNED IN TOWNSHIP

CENTERVILLE — J. V. Goad, principal of the Washington Union High School, chairman of the tin can drive, has asked school children to assist in collecting cans which are to be picked up by Oakland trucks from a central dump in each town.

Location of these depositories will be marked with a large sign in each community. The processing will be done in San Francisco after collection by beverage company trucks specially authorized by the WPB for this purpose.

Town chairmen have been appointed as follows: E. D. Bristow Niles; Joe Silveria, Irvington; Joe Paschote, Newark; Bernie Joseph, Decoto; J. C. Wasley, Alvarado; L. H. Maffey, Warm Springs; E. B. Hodges, Mission San Jose; Mrs. Elsie Madruga, Alviso.

Cans must be dry and clean, free of wrappers and flattened after top and bottom are removed.

CENTERVILLE P. T. A. PLANS MEETING

(Special to the Register)

The Centerville Elementary School Parent Teachers' Association will meet in the school auditorium on Tuesday afternoon, October 26, at 2:30 o'clock.

Mrs. Lawrence George, president, will preside over a business meeting which will include reports on school cafeteria, membership campaign, and other important matters.

Mrs. Inez Silva, program chairman, has arranged for Miss Carolyn Blair to show pictures of Europe taken when Miss Blair visited there a number of years ago.

Eighth grade girls will care for any small children whose parents plan to attend. All members, parents, and friends are cordially invited to be present.

NILES CHURCH ELECTS OFFICERS FOR COMING YEAR

Some 40 members and friends of the Niles Congregational Church enjoyed the pot-luck supper served Thursday evening of last week in the Guildrooms, following which the annual congregational business meeting was held, with Walter Waynflete presiding, followed by election of officers.

The treasurer's report was presented by A. B. Leask, the budget by board chairman Fred Duffie; a report on the Guild activities by Mrs. E. C. Dawson, the Sanford Circle by Mrs. Thelma Offel and Mrs. A. B. Leask, the Men's Fellowship club by Mr. Duffie and the Sunday School by Mrs. Duffie. By popular vote the worship hour was advanced from 8 to 7:30 o'clock on Sundays until further notice.

The membership voted a raise in the minister, Reverend D. Q. Grabill's salary and elected the following officers for 1943-44, as proposed by the nominating committee:

Clerk: Mrs. George Emerson Jr.; treasurer, Mr. Leask; deacons, J. C. Shinn Sr. and Charles Middleton; deaconesses, Mrs. Catherine Parry, Mrs. Dan Marble and Mrs. Grady Denton; board of trustees, Dan Marble, E. A. Ellsworth Paul Offel; Sunday School Superintendent, Mrs. Duffie; custodian, Mr. Middleton.

Mrs. E. A. Ellsworth served as clerk in the absence of Mrs. Nell Myers who was ill at home.

ENJOY "BULL SESSION"

Some 27 Niles Air Raid Wardens enjoyed the dinner and "bull session" held Thursday night of last week at the City of Florence Restaurant with Chief E. F. Glassbrook presiding. Guests included Deputy Sheriffs Douglass Webb and Lew Ayres of Hayward and Judge J. A. Silva of Niles.

FIRST RAINFALL

The first rain to fall here in nearly four months,—since June 21 to be exact, fell early Monday morning when .11 was recorded in the gauge maintained by the Southern Pacific depot staff. Last year's total rainfall to June 30 was 23.29 inches.

SIGN UP FOR RATION BOOK 4 BY FRIDAY EVE

Persons holding War Ration Books who want to go on eating when their present ration books expire are urged to take all their family's No. 3 books, properly endorsed, to their nearest schoolhouse today, Thursday and tomorrow, Friday, before 8 p. m. in Niles and before either 8 or 9 p. m. Friday in other communities, or they will be "out of luck".

No. 4 books are being issued at once to those applying, so that they have their No. 3 books with them, with the spaces on their covers relating to name, age, sex, etc. properly filled in or they will go hungry for a time when Books 3 expire.

The Ration Boards are too busy now taking care of petitions for extra gasoline allowances for war plant and other essential workers, to have any time to take care of applications for No. 4 ration books from the general public. And this condition will continue for some weeks to come at the Niles Ration Board, which serves all of Washington Township, this office is advised.

Green stamps in Book 4 for buying processed fruits and vegetables will replace the blue stamps in Book No. 2 beginning November 1, according to the OPA.

The value of the green stamps will be the same as the blue, and the first series A, B and C will be valid from November 1 to November 20. Blue stamps in Book No. 2, however, will continue to be good until November 20, the X, Y, and Z series.

TERMITE CONTROL PRODUCT EXPLAINED TO NILES CHAMBER

George Duncan of Oakland, representing a Texas oil company was a guest speaker at Monday's luncheon meeting of the Niles Chamber of Commerce held in the City of Florence Restaurant with E. E. Dias presiding. Duncan spoke on new methods of termite control and the preservation of wooden buildings by the use of a new, odorless oil known as anthracene, derived from coal tar, replacing the commonly used creosote, which smells so badly.

This new product is on sale at the several P. C. Hansen Lumber company offices throughout the Township and its use is said to preserve wooden buildings indefinitely.

The Chamber voted to support the Salinas Chamber of Commerce in its efforts to have alien Japanese sent to Japan after the war, and to prevent the native born Japanese from returning to the West Coast to live.

SMALL RESTAURANTS MAY NOT CHANGE THEIR HELPS' PAY WITHOUT PERMISSION!

Further undermining of the nation's wartime economic stabilization program by indiscriminate granting of wage increases in small hotels and cafes today was halted in three western states by the War Labor Board.

Henceforth no hotel or restaurant employing eight or fewer persons in California, Arizona and Nevada may increase or decrease hourly wage rates without first obtaining official approval from the Tenth Regional War Labor Board at 1355 Market street in San Francisco.

Because cocktail bars, taverns, night clubs and similar establishments in the state of California are required to be licensed as sellers of food, they will come under RWLB wage controls in this state.

The RWLB action followed hearings held at the request of the Southern California Restaurant Association and the California State Hotel Association Ltd. of Los Angeles.

Miss Helen Avilla of the Red and White Store decided she needed a vacation from counting red and blue points and left by train for Chicago where she will visit friends for a month.

WAR CHEST DRIVE TO BEGIN

Washington Township's participation in the great California War Chest drive with a state-wide goal of 18 million dollars, and a Township goal of \$17,000 starts on Monday, November 1, according to Ed E. Enos of Niles, Township chairman.

This one solicitation will include your subscription to the U. S. O., the Boy Scouts, and the following National war causes which are included in the campaigns throughout the 48 states: USO United Seamen's Service, War Prisoners Aid, Russian War Relief, United China Relief, British War Relief Society, Greek War Relief Association, Polish War Relief, French Relief Fund, United Yugoslav Relief Fund, Queen Wilhelmina Fund, Norwegian Relief, Friends of Luxembourg, Refugee Relief Trustees, and the U. S. Committee for the Care of European Children.

Town Chairmen have been appointed to organize the solicitation in their towns, solicitor's cards have been printed (guess where?) and this will be your opportunity to give your financial support to the well-being of our men in service as well as to a score of foreign relief societies.

If you gave \$10 to the USO last year and \$5 to the Scouts, make it \$20 for all this year, the extra \$5 to go to War Prisoners or other relief agencies.

This is WAR, lots of helpless people are suffering for want of the essentials of life and you should jump at the chance to give a little from your comparative security and plenty to help alleviate the suffering of others.

Outside of the American Red Cross this will be the only organized drive for charity this year so give "once and for all—enough for all!"

WELDING CLASS FOR FARMERS STARTS NEXT MONDAY EVE

CENTERVILLE — A beginning welding class for farmers starts next Monday evening at 7 o'clock in the Washington High school shop, Principal Warren Gravestock announces. The class already has an almost full enrollment. Louis Joseph will instruct.

The adult public speaking class begins tonight (Thursday) and is open to more members. Jack Rees will instruct. More registrants are wanted in the wood working class. First Aid classes are held every Tuesday night with Mrs. Stella Benbow as teacher. Interested persons are urged to attend any of these adult evening classes, for which there is no charge.

TEN MILLION EXTRA

Northern California has gone over the top in the Third War Loan by nearly \$10,000,000. This is announced by Charles R. Page, Chairman of the War Finance Committee for Northern California, following a final checkup of war bond sales during the drive, which shows that the forty-seven Northern California counties north of the Tehachapi sold bonds aggregating \$433,340,000. The area's quota was \$423,596,000.

Y. L. I. AT NILES ASSISTS IN BLOOD DONOR PROGRAM

At a recent meeting held at the home of the President, Miss Florence Martinelli, the present officers of De Guadalupe Institute outlined a tentative plan for the year's program beginning with a Pot Luck Supper October 21, at I. O. O. F. Hall, Niles. The members will also reveal their secret pals and take on new pals for the coming year. Miss Marcella Calmes, from Gleason Institute, Oakland, newly appointed Institute Deputy, will be one of the honor guests.

Among the most outstanding reports on the Victory Bond Sale is that of the Young Ladies Institute. In Washington Township, alone, De Guadalupe Institute, Niles, after staging a ten day drive, reports the sale of \$40,025.00 worth of bonds. The neighboring institute

in Irvington also made a very fine showing.

All Institutes in the southern end of Alameda County have been withdrawn from the Eastbay District Y. L. I. to form a new district, District No. 3. Institutes making up the new district are as follows: Hanna Institute No. 68, San Leandro; All Saints Institute, Hayward; Livermore Institute No. 44, St. Jude Institute, Irvington; De Guadalupe Institute No. 74, Niles. At present, the largest institute in the district is De Guadalupe at Niles. The "baby" of the district is All Saints Institute at Hayward. To Livermore has been given the honor of having one of its members, Mrs. Irene Armstrong, appointed as District Deputy.

On November 18 the Grand Second Vice President of the Order Miss Lorraine Jones of San Francisco, will make her official visit to Niles.

The Past Presidents Club of De Guadalupe Institute held its last

meeting at the home of Mrs. James Nunes. The members voted to discontinue further meetings for the duration and are planning to roll bandages for the Red Cross on their meeting night instead of holding a formal meeting. They are planning for their annual dinner to be held in San Francisco on November 10.

The month of November has been set aside by the Grand Institute as "Blood Donor Month" and De Guadalupe Institute is planning to assist local chairmen in obtaining blood donors from its ranks. Mrs. Lucille Brown has been appointed by the President to act as Chairman on this committee.

One of our every two families have at least two workers. Figure it out yourself how much beyond 10 percent of your family income you can put in War Bonds every payday.

NADINE MILLARD CELEBRATES HER FIFTH BIRTHDAY

MISSION — Little Miss Nadine Millard was hostess to a number of her young friends and some grown ups at a birthday dinner party given by her mother, Mrs. Hazel Millard at the family home here on Sunday, October 17.

The little Miss, who is now five years old, entertained her guests with games of all sorts and they were taken to Linda Vista Park to feed the monkeys during the day.

The home was gaily decorated in Halloween style. After receiving many nice gifts her mother served a delicious dinner to her guests. The center of attraction was a lovely birthday cake with 5 candles.

Those present to help her make a big day of it were: Misses Diane Norris and Sandra Hawes of San Jose, Miss Jeanette Orcutt of Niles,

Mary Ann McIvor of the Mission and Miss Nadine and her younger brother Andy. The grown ups were Mr. and Mrs. B. F. Hawes of San Jose, Mr. and Mrs. Floyd Witherly, Mission, Mrs. Martha Murphy Oakland, Mr. Pat Barry, Berkeley; Mr. L. S. Millard, Irvington; Mrs. Louise Kell, grandmother of Nadine and her parents, Mr. and Mrs. Harold Millard.

DOLLS ARE NEEDED BY TOYON BRANCH

Dolls, old and new, are wanted by the Toyon Branch of the Children's Hospital of the Eastbay. The dolls are to be dressed by members and sold in the salvage shop at First Street across from the Niles theatre for Christmas trade.

The branch is taking orders for dolls and their wardrobes and will also be glad to receive toys to be sold in the shop. These plans were discussed at a meeting at the home of Mrs. Douglas Cushman here this week.

MISS DOROTHY DUTRA IS MARRIED TO RAYMOND MENDONCA

MISSION — On Tuesday evening, October 5 Miss Dorothy Loretta Dutra, youngest daughter of Mr. and Mrs. Joseph Dutra of the Mission was married at a very simple ceremony in St. Josephs Church with Reverend John Leal presiding.

Miss Dorothy became the bride of Raymond Mendonca of Niles at 6:30. The bride wore a cocoa brown winter suit trimmed in deep pile brown fur, and all accessories were of brown and contrasts. Her sister, Mrs. Grace Meyers was her lady in waiting and wore a soft shade of blue in a winter suit, also trimmed in grey fox fur. Both girls wore corsages of carnations and roses. Only immediate members of the family and a few close friends attended the ceremony. The young folks honeymooned at Monterey.

They will make their home in Niles where Mrs. Mendonca will continue her work at Kraftite. Mr. Mendonca is a farmer in this district. On Sunday, October 3 she was given a shower by her sister, Mrs. Margaret Phillips and received many Pyrex dishes of all sorts, including a huge roaster, also linens and glassware.

Julia says— Let the Children Cook

LAST MONTH, in one of these columns, I talked about the way youngsters like to put up their own school lunches. And, to tell the truth, I was amazed at the number of readers—both young and old—who wrote me afterward. Almost everyone was quick to point out that the younger generation not only likes to pack lunches, but also gets real satisfaction from various kinds of practical cooking.

More than one reader added this very timely thought: nowadays, when so many mothers are busy with war work, it's a real family help when the children take an active part in making the kitchen run smoothly. It gives them the feeling of "doing something" important, too.

I've found through my own experience that youngsters make creditable cooks provided they're not hurried and provided they start out on things they really like. For example, boys can handle this one enthusiastically and skillfully right off the bat:

WAFFLES AND PANCAKES

2 cups enriched flour ½ tsp. salt
2 tps. baking powder 2 eggs
2 tps. sugar 1½ cups milk
4 tps. melted shortening

Sift flour, measure; sift again with baking powder, sugar and salt. Beat eggs in large bowl with rotary beater; add milk and shortening; beat until well mixed. Add flour mixture and beat with rotary beater until smooth.

For Waffles: Bake in hot waffle iron about five minutes or until no more "steam" escapes and waffles are a golden brown. Do not "peek" while baking. Makes six 6-inch waffles.

For Pancakes: Drop batter by tablespoonfuls on hot, slightly greased griddles. Turn cakes when bubbles break. Bake until golden brown. Makes 10 to 12 medium-sized pancakes (4 inches in diameter).

(NOTE: For the pancake recipe, eggs may be reduced to one and shortening to two tablespoonfuls.)

And these are a "natural" for girls to start out on:

BONNIE DEE COOKIES

2 cups enriched flour 1 cup seedless raisins
½ tsp. soda 1 cup coarsely chopped nutmeats
1 tsp. baking powder ¾ cup shortening
½ tsp. salt 1 cup brown sugar
2 cups quick oats 2 eggs
½ cup milk

Sift flour, measure and sift with dry ingredients; add oats, raisins and nutmeats. Cream shortening with sugar; add well-beaten eggs and milk; combine with flour mixture. Drop by teaspoonfuls on greased cookie sheet. Bake in moderate oven (375° F.) 12 to 15 min. Makes 6 dozen.

Camp Reynolds, Penna.
October 4th, 1943

Dear Sir;

Just a few words from another one of your many pleased customers. It would take too much of your valuable time to convey to you just how much I enjoy reading your little paper. But take it from me, "It's wonderful."

Keep up your good work on news of the "Armed Forces". Due to the separation that is prompted by war your newspaper serves as our only means of keeping in contact with our old friends. I'm sure I'm speaking for all the boys when I say that.

I have very little to say concerning my work in Camp Reynolds. It's very interesting work, with very few dull moments. I arrived here last February, during one of Penn's worst blizzards. I assure you it was quite the opposite of what I was accustomed to in California. The Camp was in it's infancy, therefore we had a job on our hands to make this place liveable for the boys that were coming in at a later date. After many tiring days we finally succeeded in getting the camp ready for our new visitors. With their help, we now have one of the finest camps in the Country.

A Satisfied Customer
Cpl. Leslie Callahan
P. S. The name of the camp has been changed, therefore my new address is, Co. K, 16th Battalion, Camp Reynolds, Transfer, Pa.

Editor's Note: "Bein as how" Uncle Sam does not seem to want me in uniform, (I applied for a commission a year and a half ago) seems as though I can best serve by serving the news to the boys in service. Glad to do it. —W. W.

GUESS WHERE

Oct. 1, 1943
Dear Mae and Stepp (Raymond)

Just a few lines to let you know I am getting the paper and get a kick out of reading it way over here. I guess I know about as much news as you could write just from that paper. Tell that editor he sure has built up that little paper a lot and us boys from California sure enjoy reading it. I am in perfect health and had a nice rest on my furlough so I am back with the boys again. Say have my address changed on the paper as it still comes Post E and it is QM Sec. 22nd Post Hqs. now. Say Roy (Raymond) sure is doing swell in the army he will soon be a Lt. if he keeps up the good work. Tell him I also got a thrill out of flying on my furlough it sure was great. Say hello to Aggie for me and all the rest in town. I'll close now and hope this letter finds you all well and happy as it left me.

As ever your friend
Joe (Pfc. Bauhofer)
P. S. Thanks for the swell cards and write again soon.

Dear Sirs:

This is just a card to notify you of my change of address and to tell you how much I enjoy reading your paper with all of its news of the people I know. Naturally, I especially like the section about where the men in the service are and what they are doing.

My subscription was sent to me by Mr. and Mrs. Dan Quartaroli and it is really appreciated.

I really liked the idea of putting the address of some of the fellows in the paper.

Sincerely

None of America's economic groups is self-sufficient. Each is dependent on the others!

The three committees of the National Planning Association, representing Business, Labor and Agriculture, lay down that fundamental principle as a vital foundation stone of successful post-war planning and then they proceed to tackle the job of outlining the

rights and obligations of their respective groups each with relation to the other.

Stressing that full employment must be the No. 1 objective of any sound post-war program, they declare:

"The terms 'Business' and 'Labor' and 'Agriculture' lose their capital letters and become 'We, the people' when we realize that all the millions of us are consumers each other's customers; that there cannot be full and continuing employment unless more people have the means to buy more of the produce of our collective brains and hands and invested savings."

Specifically, then, the three committees join in this statement of an enlightened creed, designed to aid all three segments of the community in pulling together in harness for a better, more secure post-war world:

"We of the Business Committee recognize that Management is dependent upon Labor to man the machines and provide new capital from its savings. We recognize the principle of collective bargaining as a sound and fair American principle. We also know that what most men and women want for the future is a sense of security against unemployment, sickness and destitute old age, together with a their minds as well as their mus-

cles to the continuing process of feeling of participation through the business that employs them and to all productive enterprise,

"We of the Labor Committee recognize that Labor is dependent upon Management to furnish the over-all 'know how', to organize technical and commercial research and develop it fully, and to attract from private savers the new capital necessary to a sound and growing economy.

"Together, we of the Business and Labor Committees recognize our dependence upon Agriculture as producers and consumers.

"We of the Agriculture Committee in turn recognize that Agriculture is dependent upon Business and Labor; that there cannot be profitable markets for our products except as the rest of the Nation prospers and has the means to buy.

"All of us—Business, Labor and Agriculture—agree that there must be adequate incentive to encourage risk and responsibility. Otherwise, dollars saved will not be dollars dared for backing new possibilities for new jobs opened by new ideas, nor will the ideas themselves be forthcoming."

In conclusion, the report has this to say with regard to social security programs at home, and our relationship as a Nation with other

Southern Alameda County is doing its part, through clubs, organizations, schools and churches to give recognition to the glorious record being established by our Navy in this great war on all the seven seas.

Our Navy and its valiant officers and men have kept the enemy well away from our home shores and is "pecking away" little by little—and always victoriously, thank God!—against the fringe of Japan's outer ring of defenses until that great day when we can make a frontal assault on the Japanese homeland itself.

Here in Southern Alameda County Clinton D. Price of Hayward as general chairman has organized a splendid committee of civic leaders who are carrying the vital message of Naval recognition to all the various groups of our civilian life, as follows:

countries in meeting the problem of post-war rehabilitation:

"Recognizing that unemployment among those who want to work cannot be completely abolished, we believe that a national security program is both necessary and desirable, and that nutrition, education, vocational guidance and other phases of public well-being are matters of concern to all the groups to which we belong.

"Post-war planning should start at home, but we should be blind to exclude the world in making plans for our own future security.

SCHOOL PROGRAMS

At 11 o'clock next Wednesday Navy Lieut. Chaplain Barnes and WAVES Ensign Jane Hunter will address the students at Hayward High School and then be the guests of the Hayward Rotary club at noon.

All of the activities during the coming week will be climaxed by a huge demonstration on Lake Merritt in Oakland, where blimps, boats, airplanes, and other War equipment will be displayed, and demonstrations of life saving, etc. will be made. The complete program has not yet been completed, but additional information will be available through Mr. Phil Ray, Secretary of the Oakland Chamber of Commerce.

In the evening, the Navy Mothers (Mrs. E. E. Humann, Chairman) in cooperation with Branch 10, of the local Fleet Reserve Ass'n and Auxiliary (A. F. Monahan and Mrs. Elizabeth F. Monahan, Presidents respectively) will entertain the men of the Navy from local camps, at the local USO rooms. Further details can be obtained from the aforesaid Chairmen.

At Pleasanton the people of that locality are opening their USO center on Navy Day next Wednesday.

If we are to have full and continuing employment here, we must make customers of the people of other Nations and be prepared, therefore, to be their customers as well. The rehabilitation of war-torn areas, the development of backward countries and a fair share of protective policing are in our own selfish interest.

"We must make certain that we and our children and their children won't have to go through still a third and more terrible war!"

There may be ground for disagreement on some of the particulars of this report, but on the whole it is as sound as a dollar—incidentally, won't be sound if, during the post-war period, we depart from the fundamental principles which the report emphasizes. We, the people of America, can build a better, stronger world, with much more of individual security than we have had before—but we must do it together. And all of our post-war planning will be of no avail if we fail to recreate in this country mutual trust and confidence.

STAND UP AND CHEER!

Don't look now—but we are winning all our battles.

Perhaps it's a military secret but this observer has yet to hear any commentator or columnists point out that we hard-working, hard-fighting Americans have earned the right to take quiet comfort and satisfaction in the long string of military, naval and air victories achieved by our armed forces ever since we began to fight in earnest.

By means of careful planning, excellent equipment and valiant men we have won every battle thus far.

Would it hurt us to be happy about it?

What's the objection to quietly rejoicing, deep down in our souls at the fine job being done by our admirals and generals, who do the planning, and by our brave boys, who do the fighting?

There is no "hurrah boys" in war these days—no colorful charge up San Juan hill to be commemorated in song and saga. War is a cold, cruel, calculating business now—days where every detail has to be planned and provided for in advance. This takes brains—and we have a slight advantage over our enemies there.

They are fighting for territory, conquests, vain glory and self-aggrandizement.

We are fighting for a just and lasting peace for all mankind. Who do you suppose is going to win this, Mankind's greatest War?

We are going to win it for Christ: which means truth, righteousness, decency, honor, life and love.

And while we are winning it battle by battle and day by day let us be deeply and humbly grateful for our long and glowing string of victories.

What's wrong with that? Or do we have to wait for some government bureau to instruct our emo-

tions how to react? Are we mice or are we THE AMERICAN PEOPLE? STAND UP AND CHEER!

"KILLING THE GOOSE—"

Congress has the bit in its teeth at last and is determined to prevent another hike in lower bracket income taxes, even if it means the removing of Secretary Morgenthau from office.

The Secretary, who is a rich man in his own right, apparently does not realize that the great bulk of American lower class incomes: the salaried people, have not been benefited by the war boom, have no idle funds which might contribute to the dreaded inflation, and are now hard put to make ends meet.

The civil employees, the school teachers, the small salaried workers, the firemen, policemen, mail carriers, et cetera, who may have had a paltry 10 percent increase during the past several years have had this small increase more than gobbled up in steeper living costs. Then they pay income taxes on everything over a bare tax-exempt \$100 per month for a married couple and who can live decently on \$3.33 a day?

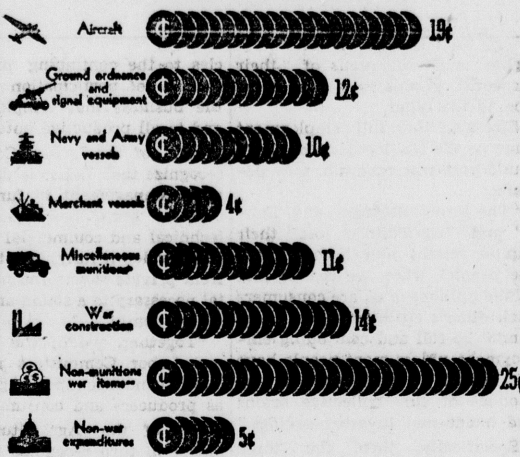

Add to this the withholding tax, social security tax, the purchase of war bonds, repeated calls for contribution to Red Cross, U. S. O., Scouts and the usual civilian public charities and how can the American small income earner possibly pay any more taxes and keep properly fed and clothed?

Hike taxes on luxuries such as drinks, smokes, theatre admissions, etc. the enjoyment of which are optional; or put a federal sales tax on everything but food; then people can buy or do without.

But to hit the small wage earner with any higher income taxes means to reduce him or her to a sub-normal standard of living and the very thing we are fighting to preserve: a decent standard of liv-

ing, will be destroyed.

How about eliminating some of the out-moded and very costly alphabetical agencies, as Congress has already killed off the CCC, the NYA, the PWA and the WPA by failing to vote appropriations?

The OWI has no reason for being. The AAA has outlived its usefulness; all farmers want is a decent price for their products. The farmer himself has to determine his own capacity to work and produce, he does not need a government agency to "adjust" him or his labors.

Several BILLION dollars in taxes from the little fellows would not be needed if the Administration would close up some of its now useless peace-time agencies. The depression is over, but many of the depression-born agencies still linger on painfully—at taxpayers expense.

NAVY DAY OCTOBER 27

The annual observance of Navy Day, which falls on Wednesday this year, really means something to us now. Our great Navy manned by our own sons, brothers and husbands has kept our home shores safe from the wily aggressor and is rolling up glorious history on all the seven seas for future Americans to glory in.

Recruiting was going on through Washington Township very actively two years ago, even before Pearl Harbor. During the past two years the armed services have taken all our young men, except

those who now reach the age of 17—which throws the load and the honor to young women, who can volunteer to serve as a WAVE or a SPAR to relieve naval and Coast Guard men for sea duty.

The Navy has asked Mr. C. D. Price of Hayward to head up the Southern Alameda County observance of Navy Day this year, through Churches, service and fraternal organizations, schools and women's clubs which are asked to give a few minutes of their meeting time to mention of our Navy and the great things it is doing.

Here in Washington Township we are not organized to promote parades and public celebrations but the "feel" of the United States Navy comes right into many of our homes, where the blue service stars in our windows stand proudly for a son or daughter now serving with the navy.

We now have the greatest Navy any nation ever had and to have a member of our family serving in it is a matter of deep pride and satisfaction to the parents and friends too old to serve Uncle Sam by wearing his blue uniform.

Our Navy is proud and long may it "rule the waves" with Old Glory flying from its masthead.

On to Victory!

"GIVE ONCE FOR ALL— ENOUGH FOR ALL"

A new weapon of war has been devised, produced, and perfected, and now has been placed in the hands of the American public to operate.

This new instrument of war is the National War Fund, which combines 17 great national war causes in one tremendous campaign. Our local war chest drive is a part of this nation-wide effort to support the USO, services to war prisoners and the merchant marine, and the organizations which provide relief for our beleaguered allies.

It is a potent weapon. It will fight alongside our sons and brothers who are spilling their blood on the far-flung battle fronts of the world. It will fight with the war-scarred Russians and Chinese, with our British brothers in arms, with the starved, oppressed peoples whose spirits cannot be crushed by the heel of the Jap or the Nazi. And it will guard our home front against disease and delinquency, fend off the weaknesses to which any nation at war is subject.

Our security today we owe to the men who are fighting our battles, fighting for our homes, our families. The future of every American hangs on the victories these men achieve, the defeats they suffer. It becomes our solemn duty to do everything in our power to help them win this life-and-death struggle.

Support of this all-inclusive campaign is a privilege open to all Americans. It's up to us to put the ammunition in this new weapon.

WHICH ITALY?

"Italy declares war on Germany" say the headlines.

Which Italy declares war? The Italy governed by Badoglio, the Italy governed by the AMG (Allied Military Government), the Italy stogged by Mussolini, or the Northern Italy dominated by the nazis?

To make the confusion more perfect, there is a real live, suah-nuf king collecting sea shells somewhere in the background.

Never Uprooted

If an individual is forced to go forth from his home surroundings, or even if he leaves voluntarily, feeling he has weighed anchor and is separated from his base, he is quite likely to feel self-pity, lack, or dissatisfaction. But if he will take the mental attitude that he cannot be uprooted — because he is "rooted and grounded in love," nothing need disturb his equanimity. Stability is dependent upon God.

The Discoverer and Founder of Christian Science, Mary Baker Eddy, always turned to the Bible, to the Old and New Testaments, for guidance. She writes in "Miscellaneous Writings" (p. 186): "We learn in the Scriptures, as in divine Science, that God made all; that He is the universal Father and Mother of man;" and she adds, "Now let us not lose this Science of man, but gain it clearly; then we shall see that man cannot be separated from his perfect Principle, God, inasmuch as an idea cannot be torn apart from its fundamental basis."

The statement that "an idea cannot be torn apart from its fundamental basis," understood spiritually, has great power to heal a rift, no matter how wide it may seem to be, or whether a rift of thought or distance. Man can exist only where God exists, for the source of man's life is God, and there is no place where God is not. So man is never separated from God, either here or hereafter. Awareness of this fact, that man and his Maker are inseparable, opens the way for bright possibilities of happiness and satisfaction everywhere.

The man of God's creating eternally abides in the presence of God. Nothing can move him out of this presence. Nothing can deprive him of the blessings of dwelling in "the house of the Lord." God as Father gives him wisdom, courage, strength; God as Mother provides shelter, nourishment, protection, companionship. This may be claimed as true for oneself, and should also be seen as true

for those on whom one's thoughts may rest, those perhaps from whom one has been temporarily separated; for the acknowledgment of such truths brings to light the goodness of God in each one's human experience.

If one is willing to give up human desires and plans to serve the highest right he knows, he may learn to say in the words of St. Paul (Philippians 4:11, 13): "For I have learned, in whatsoever state I am, therewith to be content. . . . I can do all things through Christ which strengtheneth me." One need never accept conditions of inharmonious of any sort as necessary or God-planned. Rather should one seek to understand the divinely directed plan of which each one is an essential part. One should recognize the all-wise Mind as the sole controller of each individual. Every idea of God is cared for by Him, not neglected. The real man of God's creating is under the divine law of progressive unfoldment, not marking time, unadjusted, or discontented.

The true man of God's creating is incapable of weakness, physical or moral; nor does he fear temptation, but rather is he upheld by the influence of divine Spirit, which enfolds him. He is the very expression of strength and health. He rejoices in freedom, knowing as he does that he is "rooted and grounded" in divine Principle, Love.

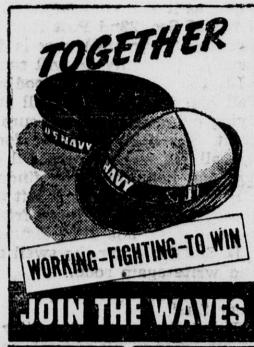

It is spiritual progress which counts and is fundamentally satisfying to each one, far more satisfying than trying to please personal sense. Each day can be a record of fruitful spiritual growth and victory—sometimes a victory over self, sometimes an opportunity to help another or to co-operate in the deliverance of all mankind from that which is unprincipled. True manhood and womanhood, whether at home or abroad, are always victorious, joyous, satisfied, spiritually sustained and God-blessed. . . . — The Christian Science Monitor.

chases 20 percent withholding tax; not to mention special reports?? And your own income tax?

What will it be like 10 years from now? If we don't get back to the relative simplicity of 10 years ago then there will be little object in being in business.

Meantime the sovereign State of California is wallowing in a 100 million dollar surplus—which no doubt will come in handy after the war.

Let's stick to our businesses (what's left of them!) just out of pure curiosity to see what the future holds. It can't be worse so it's gotta be better!

A VISIT WILL CONVINCE YOU!

Give him the
Brush-off!

NOW IS THE TIME TO RID YOUR
GAS HEATING EQUIPMENT
OF DUST AND DIRT

For clean efficient heat this winter give fuzzy-wuzzy dust a good brush-off in your gas heating equipment. Dirt and fuzzy lint is drawn along the floor by air circulation into your floor furnace pit or the cold air returns of your central furnace. Remove floor grills and clean out this dust with brush and dustpan or use a vacuum cleaner attachment. If you have a forced-air furnace, oil the fan shaft and motor. Check the fan belt and see that it is not too loose. Replace your old filter pads if they are clogged with dust. Do this and you will get more heat for less gas usage. New filter pads are available without priority. Then, of course, be sure to have authorized gas heating repair dealer check up on your gas heating equipment at the first sign of trouble. Keep healthfully warm this winter but do not waste gas fuel.

FRIENDS OF CENTRAL BANK ATTAIN THEIR BOND QUOTA

OAKLAND — Attainment of its \$10,000,000 bond sales goal was announced by Central Bank, just six weeks after the drive started. In the same six weeks, Central Bank purchased for its own account \$12,099,000 of similar war securities, making the total for which the bank was responsible, in one six week period, \$22,099,000.

In a statement thanking the many friends and customers who assisted Central Bank's own personnel in rolling up this impressive total, President Frank N. Belgrano, Jr., pointed out that the need for money to finance the war was great and continuing, and added, "Even the more than \$22,000,000 for which Central Bank has been responsible in the past six weeks would pay little more than the cost of one raid such as that on Schweinfurt in which \$20,000,000 of precision fighting machinery, including sixty giant bombers, was lost".

NEWS FROM THE FOOD FRONT

by Elsie, the Borden Cow

Food is a weapon of war. We need more of it than ever in history. Egg production alone must reach 5 billion dozens! And we'll make it—thanks to the half-million farm workers sticking by their posts on the poultry farms and ranches!

America's harvest of apples, oranges, walnuts, pears, peaches, apricots, berries, prunes, grapes and other fruits will total nearly 14 million tons in 1943... The 3½ million men, women, boys and girls who volunteer to help save our crops for victory are making a mighty contribution!

The hand that feeds us, needs us! Men, women, boys and girls: enroll now in the U. S. Crop Corps. Sign up now at your nearest Farm Labor Office. Help save California Crops for Victory!

THE BORDEN COMPANY, through its close association with the producers of America's food for over 80 years, fully appreciates the responsibility the farmer bears in this war. Borden's urges every man, woman and child to back the farmers up.
